

**REMARKS**

In response to the Advisory Action, and without prejudice or disclaimer, Assignee has amended claim 1 to include the limitation of “objected to” claim 3 (and canceled claim 3); amended claim 7 to correct its dependency; amended claim 8 to include the limitation of “objected to” claim 10 (and canceled claim 10); and amended claim 14 to include the limitation of “objected to” claim 16 (and canceled claim 16). Claims 14 and 19 have further been amended to limit the medium to one which is non-transitory. Consequently, all claims are now limited to subject matter which the Advisory Action indicated to be allowable.

Based on the claim statuses indicated on the Advisory Action, Assignee understands the amendments to the independent claims to have rendered moot the provisional obviousness-type double patenting rejection. If that is not what the Advisory Action intended to indicate, the Examiner is requested to contact the undersigned by telephone regarding a terminal disclaimer.

**CONCLUSION**

In view of the above amendments, Assignee believes the pending application is in condition for allowance.

If a fee is due with this response, please charge our Deposit Account No. 23/2825 under Docket No. N0484.70064US00 from which the undersigned is authorized to draw.
